Series Overview:

Ultra B (■■■■■B, Urutora B) is a celebrated comedic science-fiction manga and anime created by legendary manga artist **Fujiko Fujio ■** (co-creator of *Doraemon*, creator of *Ninja Hattori*, *Perman*, and *Kaibutsu-kun*). Serialized in Chuokoron-sha's *Fujiko Fujio Land* from 1984 to 1989 across 133 chapters (11 volumes), it was animated by **Shin-Ei Animation** into a massively beloved 118-episode anime series (1987–1989) and a 1988 theatrical feature film (*Black Hole kara no Dokusaisha BB!!*).

Plot Essence:

The story begins when elementary school student Michio Suzumoto discovers a mysterious cocoon-shaped UFO in the forest. Inside lies an eccentric alien baby sporting futuristic winged red sunglasses and possessing extraordinary supernatural powers: **Ultra B (UB)**. UB uses his hypnotic mind-waves to blend into the Suzumoto family as their adorable infant. Fueling his mind-boggling psychic abilities by gulping down cartons of cow's milk, UB turns Michio's ordinary neighborhood upside down with psychic mischief, hilarious adventures, and heroic showdowns against cosmic rivals!

COMPREHENSIVE CHARACTER ROSTER & DOSSIER

Ultra B (UB / ■■■■■) | Titular Protagonist & Alien Baby Extraordinaire

Voice: Yūko Mita (■■■■■) • **Key Features:** Winged Red Sunglasses • Cocoon UFO • Star-Shaped Mole • Powered by 1L Milk Cartons

The heart and soul of the franchise. UB is an enigmatic extraterrestrial infant who crash-landed on Earth inside a high-tech cocoon-shaped spacecraft. Beneath his trademark red visor glasses and adorable blue star-shaped mole lies incomprehensible psionic power, including psychokinesis, levitation, mind-control, and teleportation. He immediately hypnotized the Suzumoto household into accepting him as a beloved family infant. UB can easily outsmart adult champions at card games like Blackjack, but hilariously meets his match in Michio's mom! He charges his cosmic superpowers by guzzling 1-liter milk cartons, and while he fears black cats (Tangoro), he will bravely defend Earth against alien tyrants.

Michio Suzumoto (■■ ■■■) | Elementary Boy & Earthly Foster Guardian

Voice: Chiyoko Kawashima (■■■■■) • **Key Features:** Signature Yellow 'M' Shirt • Clumsy & Good-Hearted • UB's Best Friend

An average, good-natured elementary school boy attending Yumegaoka Elementary. Michio was exploring the wooded hills behind town when he uncovered UB's glowing cocoon pod. Despite having poor athletic skills, habitually scoring zero marks on surprise exams, and frequently arriving late to Mr. Kabayama's class, Michio possesses deep compassion. He assumes the role of UB's elder brother and Earth guardian. Although UB's psychic antics plunge Michio into nonstop chaos, their brotherly bond is unbreakable, standing together through thick and thin.

Kazuyo Suzumoto (■■■ ■■■■ - Mama) | Michio's Formidable & Cheerful Mother

Voice: Masako Nozawa (■■■■■) / Gara Takashima • **Key Features:** Household Matriarch • The Only One Who Beats UB at Cards • Loving Disciplinarian

Michio's energetic, robust mother whom UB affectionately calls 'Papa-Mama'. She runs the Suzumoto household with an iron ladle and warmth. Despite UB possessing vast intergalactic intellect and psychic reading powers, Kazuyo is the single human in the universe UB can never defeat in poker or Blackjack! Though she frets about her weight and Michio's dreadful report cards, she lavishes maternal love and endless milk bottles on baby UB.

Shinichi Suzumoto (■■■ ■■ - Papa) | Michio's Diligent Salaryman Father

Voice: Kaneta Kimotsuki (■■■■■) • **Key Features:** Classic 'Mr. Koike' Fujiko Face • Passionate Golfer • Booby Prize Champion

Michio's father and a hard-working office salaryman, called 'Papa-Papa' by UB. Fans will instantly recognize his iconic wavy hair and ramen-loving face inspired by Fujiko Fujio's legendary archetype 'Mr. Koike'. He is obsessed with weekend golf tournaments but invariably finishes in last place (earning the booby prize). A gentle father who grew up reading classic Osamu Tezuka manga, he warmly embraces UB into his home.

Takemi Aoba (■■■ ■■■■) | Class Sweetheart & Michio's Crush

Voice: Naoko Matsui (■■■■■) • **Key Features:** Gentle & Intelligent • Kind to Michio • Adored by UB ('B-chan')

The bright, kind, and attractive classmate of Michio at Yumegaoka Elementary. Takemi treats Michio with genuine warmth and patience, never mocking his academic mishaps. In early chapters she affectionately nicknames UB 'B-chan' (or 'U-bo-chan'). Both Michio and Tosaka compete fiercely for her attention, but Takemi always remains gracious and compassionate.

Voice: Shigeru Chiba (■■■■■) • **Key Features:** Rooster Crest Hair • Screams 'Ko-keee!' • Rich Snob & Boaster

The proud, boastful boy from a wealthy family whose slicked-up hairdo and facial expressions mimic a rooster. Known for his hysterical vocal tic 'Ko-keee!' voiced by anime voice legend Shigeru Chiba. Tosaka loves flaunting expensive imports, high-tech gadgets, and foreign souvenirs to impress Takemi and belittle Michio, only for UB's psychic tricks to humiliate him in delightfully comical ways.

Daibutsu Narano (■■■■ ■■ - Daibutsu) | Giant, Gentle Temple Son

Voice: Sukekiyo Kameyama (■■■■■) • **Key Features:** Temple Monk's Son • Buddha-like Demeanor • Finishes sentences with '~dabutsu'

A large, gentle giant classmate whose family oversees the town's Buddhist temple. True to his name (meaning Giant Buddha), Daibutsu is calm, philosophical, and slow to anger, often concluding his sentences with '~dabutsu'. He hangs out closely with his psychic baby nephew Jizo. Unlike the rest of town, Daibutsu casually witnesses UB's supernatural powers without panicking, serving as a trustworthy ally.

Mr. Daikichi Kabayama (■■■■ ■■ ■■) | Strict Class Teacher (Hippopotamus Face)

Voice: Osamu Kat■ (■■■■■) • **Key Features:** Hippo-Like Jaw • No-Nonsense Educator • Fierce Disciplinarian

Michio's elementary homeroom teacher whose imposing, hippo-shaped countenance commands instant silence. A fierce enemy of tardiness, forgotten homework, and daydreaming, he regularly scolds Michio with booming thunderclaps. Deep down, however, Mr. Kabayama cares about his students and wants Michio to discover his true potential.

Voice: Dota: Kazuyo Aoki • Doji: Rei Sakuma • **Key Features:** Unstoppable Toddler Brawn • Kewpie Doll Hair (Doji) • Rough-and-Tumble Pals

The sons of Kazuyo's old school friend, Fukuko. Dota, despite being in kindergarten, boasts unbelievable physical strength capable of tossing high-school delinquents over his shoulder! His baby brother Doji resembles a kewpie doll and is even wilder, pulling pranks on Michio. Despite the mayhem, Dota, Doji, and UB form a fierce toddler brotherhood of mischief.

Kiriko-chan (■■■■■■■) & Kasumi Kirimachi | UB's High-Society Baby Girlfriend

Voice: Natsuko Hashima (■■■■■■■) • **Key Features:** 1-Year-Old Child Model • UB's Beloved Sweetheart • Elite Society Infant

An angelic 1-to-2-year-old baby girl who appears on television broadcasts. UB immediately fell head-over-heels in love upon seeing her on TV! He used his teleportation to break into her mansion in the middle of the night to woo her, winning her affection. In the theatrical movie and Hawaii special, UB's devotion to rescuing and accompanying Kiriko drives the grand storyline.

Tangoro (■■■■■■■) | The Feared Black Alley Cat (UB's Arch-Nemesis)

Voice: Kenichi Ogata (■■■■■■■) • **Key Features:** Stray Black Cat • Anime Exclusive • Immune to Alien Intimidation

A sly, tough black street cat prowling Yumegaoka's alleys. Despite UB having godlike psychokinetic powers that can blast meteors, UB possesses an extreme, hysterical phobia of black cats! Tangoro frequently ambushes or stares down UB, reducing the cosmic alien prodigy to a shivering, milk-guzzling baby.

Dictator BB (■■■■■ / B■B) | Intergalactic Masked Baby Conqueror & Cosmic Rival

Voice: Chika Sakamoto (■■■■■) • **Key Features:** Iron-Masked Evil Baby • Commands Skull Butterflies • Rival from the Black Hole

The primary antagonist featured in the blockbuster feature film *Black Hole kara no Dokusaisha BB!!* and the manga finale *Revenge of Prince BB*. Accompanied by his monstrous war bird Gédon and an army of hypnotizing Skull Butterflies, BB poses UB's greatest cosmic challenge until an earthly cold virus fells him!

Muscle Bird (■■■■■■■■■) | Bodybuilder War-Bird & Suzumoto Roof Guardian

Voice: Manga Featured Specialist • **Key Features:** Muscular Human Biceps on Wings • Hatched from BB's Egg • Roof Sentry

A bizarre creature born from an egg that UB brought home from Dictator BB's space cruiser.
